

Idea relations

March 20, 2017

1 Overall distributions

(a) Joint distribution between PMI and prevalence correlation.

(b) Strength of the top 25 pairs in each category.

2 Top relation plots

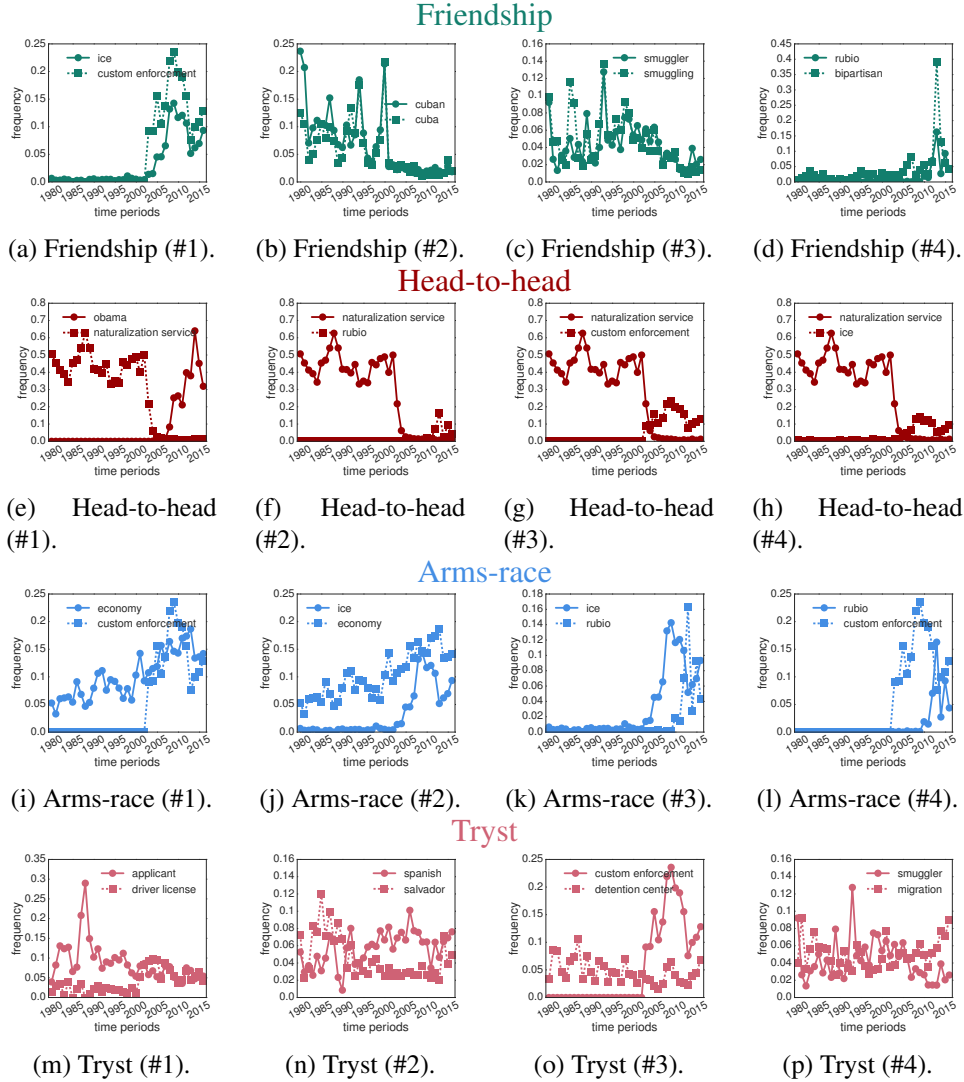

Figure 2: Top four figures in each category, more careful investigation is required to interpret these results. Also explore further down the list (e.g., top 50) to get a better understanding.

3 Relation tables

Table 1: Relation between ideas. This table shows top pairs. In the table/ directory, there is another file with top 50 pairs, which is worth further investigation.
